THIRTY-SEVENTH YEAR, NO. 36.

GRIFFITH'S SUPPORTERS SEEK VOTES FOR HIM IN THE SECOND PRIMARY

Qualifications for High Office Are Set Forth by Campaign
Committee of Gulfport Man—Carries Home
District—Issues Statement to Voters

"The people of the Southern Supreme Court District of Mississippi have a very important duty to perform September 11, and at the same time have an opportunity to express their appreciation for duty well done," Chancellor Griffith's Coast campaign committee announced. The statement from the committee follows:

"Chancellor Virgil A. Griffith, of Gulfport, is seeking promotion after eight years of service as chancellor of the 8th chancery district, a service that is glorified by the ability, fairness and judicial knowledge that is exhibited by his unimpeachable record, basing his request for promotion on the universally recognized doctrine of earned promotion.

"Judge Griffith after preparing himself at the state University over thirty years ago, began his practice of law at Gulfport, and soon became one of the outstanding lawyers of the state of Mississippi. Blessed by a desire to lend his talents to the service of the public, about eight years ago he began his service as chancery judge of this district, and has continued to serve his people in that capacity, with ability, industry, faithfulness, impartiality and fairness, that has never been surpassed. He has made his courts models of order, procedure and has made the unsurpassed record of 82 per cent of affirmances of all appeals taken from his decisions.

"Judge Griffith has found time from his arduous duties to give the bar of the state of Mississippi the greatest service that it has received in many a decade. His book, Mississippi Chancery Practice, has been received as an authoritative document. It is cited as such by the Supreme Court of the state, has been adopted by the state University as a subject to be taught in the law school and is used continuously in the courts throughout the state. His outstanding ability has caused him to be signally honored by the governor of Mississippi within the past few months. Governor Bilbo has appointed Judge Griffith as one of the three commissioners to serve on his Code Commission, which commission shall undertake the revision of the statutory law.

"Judge Griffith's record, his fairness and impartiality, his important ability, his faithful service to his people, make him the leading candidate for the Supreme Court Judge from this district. It is our duty as good citizens to go to the polls on September 11, and vote for the man best qualified to hold the important position; it is our good fortune to further have the opportunity to promote a man who has earned his promotion by the service rendered; and it is for these reasons we commend the gifted Judge Griffith to the favorable consideration of the qualified electorate.

Success in First Primary
Judge Griffith had a signal success in the first primary election when he was opposed by two candidates. He carried his home town by 92 per cent of the votes cast. He carried his home county by 87 per cent of votes. He carried his chancery district by 82 per cent votes. He carried his congressional district by over 70 per cent votes. He carried the sixth congressional district which includes both Jones and Harrison counties and where in general both candidates are best known, by a vote of 13,104 for Griffith and 11,960 for his opponent.

Judge Griffith's Statement
Judge Griffith's statement to the voters of the Southern Supreme Court District of Mississippi for the second primary and the appeal for the votes of all qualified voters follows:

"With a heart filled with gratitude I acknowledge my sincere appreciation of the loyal support given me in the recent primary by my friends and the voters of the Southern Supreme Court District. I am now encouraged that another step in degree will soon be accomplished, since my opponent, whose chief advancement was by accidental decree rather than degree, failed to receive public endorsement by a vote of 27,773 votes polled against him, of which there were received by me approximately 17,000.

BAY CITY SCHOOLS WILL OPEN MONDAY PATRONS INVITED

Prospects Are Bright for Excellent School Session—
All in Readiness

The Bay St. Louis city schools will open Monday morning, September 10, at 9 o'clock. Each school will have some opening exercises after which students will be given book lists and assignments for regular classes Tuesday. All indications point toward a large enrollment this year and with the good faculty in charge of the schools this will no doubt be the best year in the history of school system, Supt. S. J. Ingram said.

All of the buildings have been repaired and put in shape and yards and buildings are being cleaned throughout for the opening of school. The trustees have had the ward schools painted and repaired and the colored school repaired and all are in good condition.

The exercises for the Central school will be as follows:
Song—America—School; Invocation, Rev. S. F. Harkey; Address, Mayor Traub; Piano selection, Mrs. H. U. Canty; Presentation of new teachers; Announcement as to assignment of work; Dismissals of pupils to rooms to receive assignments and book lists.

Patrons of the school and the general public are cordially invited to be present for the opening exercises.

K. D. CIRCUS IS GREAT SUCCESS, GREAT AMUSEMENT

Variety of Entertainment by
Local Talent Afforded
Unusual Interest

The King's Daughters One-Ring Circus which was presented at St. Stanislaus stadium Saturday night for its first appearance was a great success and afforded unusual interest to the large number of spectators who enjoyed the fun. The waves of merit that swept the audience attested the success of the amusing features presented.

Bernard (Barney) Shields, the ring master, in his characterizations was fascinating. The admission several times over, was an oft heard comment, while Edw. Carrere, manager and Mrs. A. F. Fournier as owner of the circus were highly capable of assisting in "putting over" the performance.

A platform was erected between the bleachers and covered with canvas, to give the semblance of the circus big-top and the sawdust trail about the platform created the true circus atmosphere while many lights installed by Ed Heintzmann turned the night into brightness.

Sidewalks were placed about the ring, and booths in which were sold every variety of good thing to eat including "pink lemonade" were kept busy dispensing their wares. One side show had real cowgirls, Mrs. A. P. Smith and Mrs. Earl Russell doing the lionizing. The "wild" man in test too was Nap Younger. The "Zebra" and his young attendant was most amusing.

MACCABEES OBSERVED LABOR DAY

Parade Two Baseball Games
and Dance Featured 18th
Anniversary of Lodge

Labor Day was celebrated in Bay St. Louis with a number of entertainments arranged by the Bay St. Louis Tent of Maccabees, which observed the 18th anniversary of its organization. A series of enjoyable events including a parade, two baseball games and a big dance.

The parade was led by Traffic Policeman "Son" Capdepon of Bay St. Louis and Herman Finhold of Pass Christian. The degree team of the Maccabees lodge in uniform, followed by the members of the Maccabees baseball team in uniform with members of the lodge marching behind and with a local negro band left the W. O. W. Hall on schedule time. Several decorated autos followed the marching members. The line of march was along Main street to Front street, Front to Washington, out Washington to Hancock, on Hancock to Booker street, out Booker to Necaise avenue and thence into the Stanislaus stadium which had been loaned for the day to the Maccabees.

The second game was between the Bay Maccabees and Ocean Springs. A hard fought game resulted in a score of 4 to 3 in favor of Ocean Springs.

The final event of the big day of pleasure was the dance at the W. O. W. hall where a large number enjoyed this entertainment.

The committee and the Maccabee lodge are to be congratulated upon the success of the celebration.

MEAT DEALERS FETE EMPLOYEES ON LABOR DAY

Second Annual Outing Had
1500 at St. Stanislaus
Campus for Picnic

More than 1500 employees and their families from the Wholesale Meat Dealers Association of New Orleans spent Monday at Bay St. Louis on the second annual outing. St. Stanislaus College campus was headquarters for the picnic party for day.

Swimming, boating, water sports, a bathing beauty contest, athletic events including football, jumping, dancing and a barbecue featured the entertainment of the day. From the time the special train of 15 coaches landed the party in the Bay until the later afternoon return home the members of this large crowd were happily occupied in pleasurable pursuits.

The firms entertaining their employees on the Labor Day outing were: Longino and Collins, Inc.; Garner and Jacobs, Inc.; Morris and Company; Schoot and Company, Inc.; Swift and Company; A. J. Clavier and Company; and the Western Packing Company of Louisiana, Ltd.; L. A. Frey and Sons; Gardner and Company; Wilson and Company, Inc. of La.; and Armour and Company, Ltd.

"SOUND" PICTURES TO BE INSTALLED AT A. & G. THEATRE

October 30, is Date Set for
First Use of Popular New
Equipment, Announced

"Sound" pictures will be installed at the A. & G. theatre and ready for showing, seeing and hearing, October 30, the management announced this week. The equipment for the "hear and see" pictures, which have proven so interesting in the larger cities at the outstanding theatres of the country, will be installed within the next few weeks and the first showing made October 30.

This is the first theatre in any town the size of Bay St. Louis to install the "sound" pictures and is being done in keeping with the policy of the theatre to bring to its patrons the best possible service.

CHIEF BACK ON DUTY.

Mark Oliver, chief of police of Bay St. Louis, who was wounded August 14, by Silas Richardson, negro, who shot and killed John Dambino of Kila, in the Bay city jail, and who has been at the King's Daughters Hospital, Gulfport, recovering from his wounds, is again able to be back on duty, having been working for the past several days.

DIRECTOR ADDRESSES ROTE CLUB

Harral Ayres Tells of Conditions
Along Route of Trans-
continental Highway

"The Old Spanish Trail is the dream child of the people of the New Orleans-Tallahassee sector for it was they who dreamed it and organized it in 1915 at Mobile," Harral Ayres, the managing director of the project said at the Rotary Club Wednesday. "You passed the management to us in the West in 1919," he said. "Now today you may well feel proud that the Coast out of its sacrifice and courage and vision has built its part and that the people across the continent out of their courage have done their part so that we now have the best travelway across the continent."

"But travel is not coming this way; that's another job we must take up; a highway must build up travel as thoroughly as a railroad does," he said.

Mr. Ayres showed a large wall map the Association issues. It is colored red where paved and yellow for gravel. The only outstanding bad spot shown was between Mobile and the Florida line, and contracts are let for that.

The Old Spanish Trail travels now contain 48 pages and have been published since 1924. These are on distribution at auto clubs and tourist bureaus over the United States that route over 10,000 travelers annually.

Mr. Ayres explained that a Louisiana Old Spanish Trail organization had been effected and this organization was working to keep the paving of the OST first on the Louisiana program. A similar organization is desired in Mississippi now to coordinate with Louisiana and complete the paving from Bay St. Louis to the Rigolets bridge and to New Orleans. Also the state unit would look after the automobile travel development for the Mississippi Coast, as the other state organizations look after their travel interests. These state organizations make the national organization and issue the travelogues and maps and carry on the road improvement and paving work, he explained.

The pavement is completed from Bay St. Louis to the Rigolets line," Mr. Ayres said, "there will be complete pavement from East Florida to Western Texas and from New York and the North to the Old Spanish Trail at Mobile. This is how fast the highway program is progressing and is another reason why we need organization, officials and members along the Coast to coordinate with the organizations eastward and westward."

In 1922 when I used to come to Bay St. Louis and talk things over with Mayor Webb and others I did not then think that in 1928 so much would be accomplished. \$50,000,000 have been spent since 1922 and Hancock county stands among the leaders in achievement. This trip I have driven about Bay St. Louis a half dozen times. The trip wrought a tribute to the people. I have likewise driven over the roads and lands from Pass Christian to Pascagoula. When the right sort of travel is turned this way it will build this county as it is building Texas and the West. Making the Old Spanish Trail known now to the North is the big work. Unfortunately our people have yet to learn this game while the people on the northern routes long since learned it through many years of constant travel," Mr. Ayres said.

Mr. Ayres is at the Great Southern Hotel in Gulfport. He has been in conferences daily for three weeks helping the people understand the new problems of drawing travel this and miles nearer the centers of population and wealth, he said; it is care for the winter traveler all winter; it offers as much to the home seeker as any other section. It must learn how to go after and secure the automobile travel stream, he urged.

Announcement was made at the Rotary meeting this week that the night school for boys would again be held, beginning probably next week. The school is conducted under the direction of the Rotary Club and state vocational board and Prof. S. J. Ingram, superintendent of the city schools, will arrange for the teaching.

Present at the meeting were members of the Hancock county board of supervisors as guests including Messrs. Moran, Cue, Goss and Brown. H. S. Weston, president of the board, being a regular member.

Cy Engman of Pass Christian was a visiting Rotarian.

Mayor O'Keefe Entertained.

A spaghetti dinner was given in honor of Mayor A. J. O'Keefe of New Orleans Monday night at the home of V. E. Lizans at Waveland. Mayor O'Keefe has been at his summer home at Waveland for several weeks recuperating. It is of interest to his friends to know that he is rapidly recovering and was in usual form for the dinner which was given with his wife and daughter. Those present at the dinner were: A. J. O'Keefe, Sr., A. J. O'Keefe, Jr., Ernest J. Hessler, Chas. Keys, Ernest W. Kokenos, Al Cohen, Frank Dabrowski, Gen. Dubois, Rev. M. Costello, Harry Stewart, Saucier and V. E. Lizans.

MOST HALF ROADWAY COMPLETED

Several Blocks of Sidewalk
and Curb Have Also Been
Finished on Beach

Almost half of the Bay-Waveland reinforced concrete highway has been completed and all but a few blocks of it have been opened to traffic. The total length of the road will be 9.44 miles. The last concrete poured this week reached to within a short distance of the Catholic church at Waveland. Work was held up several days due to the rains which made the roadways over which the materials had to be hauled soft.

The large concrete mixer which the Southern Paving Construction Company is using on its road construction has a capacity of 600 linear feet along the highway daily has worked at capacity several days since being put into use and the average day's pour of concrete is considered good.

The sidewalk and curb which was started about three weeks ago are progressing well, the sidewalk having been completed for about four blocks and the curb for fully three blocks with the forms set for other portions of the curb. This curb is creating much interest, forming a sort of archway with connecting pillars and creating an effective protection to pedestrians along the walk.

SEA DRAMA IS ADDED TRIUMPH FOR FILM STAR

Ramon Navarro Scores as
Sailor in Tense Tale of
Romantic Love

"Across the Singapore," Ben Ames Williams' vivid drama of the sea, with Ramon Navarro as the star, is the attraction commencing Sunday and Monday at the A. & G. Theatre.

This much heralded Metro-Goldwyn-Mayer drama is a vivid story of romance and adventure, laid on the high seas in New England and in the mysterious Oriental melting-pot of Singapore.

The new play is a graphic romance of the clipper ships, with Navarro as a young sailor, enmeshed in a dramatic love affair which leads to strange adventures. Much of the picture was filmed aboard the old clipper ship "Narwahl," which put to sea with a company for a lengthy Pacific cruise during which the sea scenes, including the terrific storm, the mutiny, and the attack of Oriental pirates, were filmed.

Joan Crawford, noted for her work in many pictures, plays the heroine and Ernest Torrence, James Mason, Edward Connelly, Frank Currier, Anna May Wong, Dan Wolheim, Duke Martin and others of note are in the cast.

ST. STANISLAUS WILL OPEN ITS 1928-29 TERM MONDAY

Brother Peter Again Heads
College as President—Day
Students Attend Tuesday

St. Stanislaus College will open its 73rd term Monday when fully 250 resident students from all parts of the country and several foreign countries will be on the campus for registration and enrollment.

Day students are requested to register Tuesday morning and classes will begin Tuesday.

Brother Peter who has been re-elected president and Brother Robert who has again been chosen vice-president of the college head what is thought to be a very fine faculty and prospects for an excellent school year are entertained. Members of the faculty who have been enjoying a vacation will all be at the campus this week-end and everything is being put in readiness for the opening of school.

Bay St. Louis is always glad to welcome back the college boys after their summer vacation and enjoy the exuberance of spirits which characterizes the young men from the academic life of the college and enter into its varied activities.

JEWISH FEDERATION SUMMER CAMP CLOSES MOST SUCCESSFUL YEAR

More Than Three Hundred Guests Were Entertained This
Season—Three Thousand Have Been
Guests in Eleven Years

MISS PERKINS IS SUED FOR \$50,000 IN AUTO ACCIDENT

Mrs. M. Hudson, Son and
Daughter, File Damage
Suit in Hancock County

Miss Gertrude Perkins of Bay St. Louis has been made defendant in a damage suit in which Mrs. M. Hudson, son, Harold Hudson and daughter, Maxie Hudson, all of New Orleans, plaintiffs, seek \$50,000.

The suit grew out of an auto accident on North Front street at the intersection of the Old Spanish Trail at the foot of the traffic bridge over the Bay of St. Louis, July 21, when the Buick coupe which Miss Perkins drove and the Buick sedan which Mrs. Hudson drove collided, injuring Helen Hudson, 11-year old daughter of the plaintiff, so that she died as a result of the injuries in which arteries were cut causing the child to bleed to death, her death occurring at the King's Daughters Emergency Hospital at the Bay, a few hours after the accident.

The suit was filed at Bay St. Louis several days ago and is tryable at the term of circuit court which opens at the Bay September 17.

Geoff Russell and Carl Marshall represent the defendant and Mize & Thompson represent the plaintiffs.

COURT ALLOWS MISS. PACKERS TO FISH IN LOUISIANA

Three Federal Judges Sign
Injunction Halting En-
forcement of Law

New Orleans—An injunction sought by Mississippi interests to enforce the state of Louisiana from enforcing its law which prohibits taking shrimp from this state to another state for packing purposes was signed here Saturday by three federal judges who Friday heard arguments in the case.

Under the injunction Mississippi fishermen may fish in this state for shrimp and transport them to Mississippi to be packed.

A similar case is now before the supreme court of the United States for adjudication. With this in mind the judges in the present case reversed the right to recall the injunction within five days after notice is given as soon as a final decision of the Louisiana law is handed down.

The injunction was sought by the Seafood Company, the Biloxi Oyster and Transportation Company and the Antioch Packing Company, Inc.

A decision from the supreme court of the United States is expected immediately in the case brought by the Foster-Fountain Company which is seeking to have the Louisiana law declared unconstitutional.

Judges Holmes, Foster and Dawkins had down the decision. Biloxi seafood packers through the Biloxi Chamber of Commerce and its attorneys, W. L. Guice, Biloxi, and Watkins and Watkins, of Jackson, have fought this seafood litigation problem which in the past months has almost doomed the local seafood industry. Thousands of dollars have been expended in the legal controversy between the Mississippi packers and the state of Louisiana which latter seems to prevent the Mississippi packers from taking shrimp and oysters into Mississippi from Louisiana waters for packing purposes.

SPECIAL ELECTION CALLED ON HEALTH UNIT PROPOSITION

Board Orders October 13,
Election to Determine Full
Time Health Unit

The board of supervisors at the regular September meeting Wednesday morning ordered a special election to be held October 13, to determine whether the voters of the county desire a full time health unit.

The board had been approached Tuesday by a number of Parent-Teacher Association members soliciting the continuance of a full time health unit in the county.

More than 300 young men, women, mothers and babies and children from the Jewish Children's Home have been entertained this summer at the Jewish Federation Summer Camp on the Beach at Bay St. Louis. The last group returned home Tuesday of this week after two weeks at the camp.

Mrs. L. Mayer who has been in charge of the camp as matron all but three of the eleven summers the camp has been maintained by the Jewish Federation, was again in charge this year, completing her eighth consecutive season as head of the camp activities. Her staff included this summer Miss Irma R. Simon and Miss Massady Bendahan. Dr. David Pichman, superintendent of the Jewish Federation of New Orleans who heads the entire work of the camp has been constantly in touch with the camp and its activities as general supervisor.

The camp has been open since June 11, and during the summer the following groups have spent each two weeks at camp: young men from the Young Men's Hebrew Association, young women from the Young Women's Hebrew Association, three groups of mothers and babies, and two groups of boys and girls from the Jewish Children's Home.

With the children from the Children's Home's Hebrew Association, home staff including this season: L. Edward Lashman, superintendent; H. L. Ginsberg, assistant superintendent; Mrs. A. Levine, health nurse; Mrs. L. Avengo and Jake Margolin. Aiding the regular staff in the conduct of the summer camp are several negro servants, including "Mary" Jones whom the Federation "bought" or "inherited" with the grounds which they purchased from Henry Dart, a prominent attorney, and Mary who cooked for the Dart family and her husband act as caretakers of the property during the entire year.

The Plant
The beautiful property of the summer camp fronts about 400 feet on the Bay of St. Louis and back to the L. & N. Railroad, more than a mile in depth. The grounds are shaded with wonderful trees, many of them hundreds of years old which form a delightful shade for all kinds of recreation, while the waters of the Bay are unusually pleasant with the beach for all kinds of water sports.

A handsome residence of modern design of 40 or 50 years ago forms the center of the camp. The magnificent porch, which is a delightful shade for all kinds of recreation, while the waters of the Bay are unusually pleasant with the beach for all kinds of water sports.

A special dining room accommodates the staff just off the main dining room and this is used as an office. A cottage in the yard is specially fitted up for mothers and babies with the week beds for the babies.

For the care of any possible "ailing" guest a small infirmary or emergency room has been equipped as a memorial.

Owned Since 1919.
The present summer camp was purchased by the Jewish Federation in 1919, and for the past several years has been included in the community chest. The camp was conducted two summers at Ocean Springs.

In the 19 years the camp has been maintained statistics show that more than 3,000 guests have been entertained with two weeks' outings. For the past few years from 300 to 350 are entertained a season.

Recreation and Amusements
The grounds are well equipped with playground equipment, including swings, slides, saw-saws. Excellent spaces for tennis courts, ball grounds and game grounds are arranged and constantly used by the guests.

In the grounds there is a glassed in pavilion which serves as amusement center. Here dancing is enjoyed. Games are played and fun prevails.

Of course, swimming and boating are features of the entertainment. In discussing the camp and its intent and purposes Mrs. Mayer said: "We let the boys and girls have all the fun they can. We relax discipline and let them play. Only minor duties are imposed on any of the children. This is truly a vacation outing headquarters and we let this idea prevail."

NO OUTBOARD MOTOR RACES. SUNDAY

It has been decided that the outboard motor races announced to be held at Bay St. Louis Sunday will not be given. C. C. Breath, Sr., of Breath & Co. promoters of the races announced yesterday.

talize a man who wants to know how the weather will be.Work today and rest tomorrow is the rule that wins
the game. Work tomorrow and rest today is the way
to stay poor.Bay St. Louis boosters will cheerfully hear that the
mail order houses did a larger business last year. Pros-
perity is with them.What do you think of this: 8,195,499 gallons of dis-
tilled spirits were drawn from bond and paid tax to
the U. S. government in 1927.The politicians are loading up the farmers wagon
with another load but their promises are too ephemeral
to do the spring crops any good.It is a funny thing in life but the man who will bet
five or ten dollars on anything that is up for discussion
would drop dead if he, by mistake, put a ten dollar
bill in the church collection.In the summer it is entirely too hot for some people
to go to church. Strange as it may seem, to these peo-
ple, the winter weather is too dangerous. They catch
cold so easily.Incidentally you can pay your subscription to The
Sea Coast Echo without taking a special trip to the
office. Uncle Sam sells a well known postage stamp
which will bring us your check pronto. Thanks!**WHAT MAKES BAY ST. LOUIS.**The greatest boon that the city of Bay St. Louis or
other cities, can give to inhabitants is a pleasant place
in which to live. We might get all the factories in the
state located within the city limits and yet have a
poorer town when we got them. Of course, we might
have more money, more people and more excitement,
but, when all is said and done, what does that mean to
the average citizen?Size-made communities measure their greatness by
that attribute alone. The idea of culture does not en-
ter their minds. It should. Bay St. Louis first of all,
should be the best place in the world for Bay St. Louis
men and women to raise Bay St. Louis girls and boys.
That is the worthwhile test of a community. Naturally
it is hard to say just how far we go in reaching an ideal
community, but all of us are conscious of shortcomings
that can, and will be, improved.**PUPILS MUST WORK.**It won't be long now before the schools of this county
will begin their terms and the children will have, whether
they realize it or not, the benefit and blessings of a
modern school system. Not that our schools are per-
fect, but they are so much better than what was extant
fifty years ago that the comparison is almost impossible.One of the things necessary to put our schools on a
correct basis is a better organized system for teachers.
Understand that we would not adversely criticize the
teachers who now serve their pupils, but that they should
have employment on a more secure basis, in order to
make teaching a real life work is admitted.In our thinking of schools and scholars, however, let
us not get the idea that a school is a manufacturing
plant, turning out a finished product. The schools and
teachers can do nothing for a pupil who will do nothing
for his own self. No matter how fine the schools
and the teachers may be the scholars have to do their
part if education is to be anything. Let's bear this
in mind as our children go back to school this fall.**JUDGE GRIFFITH WILL WIN.**The splendid vote accorded Judge V. A. Griffith,
candidate for the supreme court bench, in the first
primary, is an earnest of not only the popularity of
this sterling character and jurist of repute, but a testi-
mony of the confidence and esteem in which he is held
over the district. Such vote is well indicative of his
success at the polls on Tuesday next, date of the second
primary.However, it behooves our citizenry representing local
suffrage to turn out in full and cast a vote for Judge
Griffith, not only for the reason that he is a home man,
citizen of the Coast, but for cause and in recognition of
the fact he is eminently qualified, by native ability and
through the unflinching school of experience. As Chan-
cellor of this district Judge Griffith's incumbency has
shed naught but glory on the judicial ermine, honor to
the courts and justice to all. His fine sense of juris-
prudence, his keen perception of equality and interpre-
tation of the law, have been subjects for comment of sat-
isfaction rather than censure. This is best attested to
by the fact of his decisions invariably confirmed by the
higher court.Judge Griffith's best recommendation is his record,
both as a private citizen and jurist, unblemished, un-
questioned, unimpeachable.To vote for him for the Supreme Bench of Mississippi
on Tuesday next will be no mistake.The Echo espouses the cause of Judge Griffith for
reason of his fine qualification and record, well be-
lieving in the rule of electing such men to office who
have been tested, weighed in the balance and not found
wanting.**DEFINING THE ISSUE SHARPLY.**Frederick Sullens, editor Jackson (Miss.) Daily News
defines the issue paramount of the Democratic cam-
paign in no uncertain terms, speaking right from the
shoulder and out in the open meeting as he generally
does."The campaign should be waged on a sharply defined
issue that the Democratic party is the white man's party
and the Republican party is the negro party," he
declared before the Democratic Executive Committee
in meeting at Jackson. "Most of the opposition to
Governor Smith is based on his religious belief, but it
is covered by the cry that it is on account of his alleged
weakness.""It is not the desire of anybody to read these persons
out of the Democratic party," concluded Mr. Sullens,
"but they do that for themselves when they proclaim
their intention of voting for the Republican nominees."
E. C. Sharp, assistant attorney general, who voted
against Smith on every ballot at the Madison Square
Garden four years ago, followed Sullens at the same
time and place with a brief address in which he also
voiced the opinion that religious intolerance inspires
the chief opposition to Governor Smith. He fired re-
marks at "alleged Democrats who talk dry and drink
wet" by saying that "if all who take a drink occasionally
vote for Smith he will be elected by an overwhelming
majority."**BIG CITIES HAVE FEUD.**Have you heard of the war between New York and
Chicago? It is no baseball rumpus but an honest to
goodness bitterness, engendered, it seems, by rivalry
over expositions that both cities intend to hold.The mid-western metropolis planned an exposition
and the eastern seaport determined to invite the world
to New York. There was some feeling. When a New
York newspaper, under the heading of "Chicago Wel-
comes You," cartooned a gunman leaning over the
dome of an exhibition building, firing a pistol, and a
"British exhibit," wherein two citizens fought it out
with shotguns, while the main hall carried a banner
reading, "100 per cent American—Thompson Hall" a
Chicago newspaper took up the matter.We won't go into detail. The big editors exchanged
"notes" and Chicago business men took dirty digs at
New York. One said, "the only difference between
gangsters in Chicago and New York is that here we
ostracize them, while in New York they make them club
members."The outburst between the two largest cities is "small
town" stuff. It merely shows that the big cities are
small cities "under the skin." In the meantime, the
two expositions will fight it out for supremacy and
maybe will get some interesting spectacles at cheaper
rates.**THE CHURCHES FIGHT.**Dr. Glenn Frank, President of the University of
Wisconsin, raises the question of whether mankind is
instinctively kind and just, and whether, in the air of
political freedom and with the instrument of the ballot
in their hands the masses will order society in terms of
intelligence and justice.The answer, as he gives it, is "no" emphatically.
"Mankind is not instinctively and universally intelligent
and just; the masses are a medley of men who are
intelligent and stupid, just and unjust, good and bad;
the average citizen, competent to pass judgment on all
issues that confront government, is a myth."Such a conclusion is enough to challenge every think-
ing person in Hancock County, and yet, for all we can
say, the accusation is well founded. To make people
intelligent and just requires a constant campaign. The
battle must ever be on. When we look over the social
field of the United States we come to the conclusion
that the only agency carrying on such a fight is the
churches, which, in various ways, are hoisting the flag
of righteousness, after all, the only thing that counts.**RESTORING VOICES IN AIR.**Several instances have been reported where an air-
plane flight has restored the power of speech to in-
dividuals. It develops that the sudden ascent and the ex-
citement of the novel experience breaks down the arti-
ficial barrier of speech and the voice becomes valuable.The other day in Brooklyn the new treatment was
tried with a ten year old boy who had never spoken a
word. Doctors insisted that there was nothing func-
tionally wrong with his vocal chords, rather that he suf-
fered an organic trouble. Consequently, there was not
much hope that the shock treatment would produce any
starting results.The youngster, nevertheless, was enticed into the
plane, where, he was strapped in securely. The pilot
took him up, stunted his plane, and brought him back
to earth, where he landed still speechless and without
the power of speech. For once the treatment failed,
just as the doctors expected.**"THE TOONERVILLE TROLLEY THAT
THAT MEETS ALL TRAINS."**"Kenneth V. Woodward, 71 years old, will have to
enter a second primary with G. S. Watrous, 80 year old,
for the position of town marshal now being held by
Woodward, in a contest in which E. B. Hodge received
45 votes, O. W. Charles 50, and from which George W.
Sancier withdrew," says a press telegram from Long
Beach a few days since.**This Week.**

Beating the Moon.

Sinkable Life Guards.

A Noble Effort.

A Woman At 49.

BY ARTHUR BRISBANE.

(Copyright, 1927)

Men have already beaten the moon
in its journey around the earth. The
moon's trip takes a little more than
twenty-seven days. Ebers have
made the trip in twenty-three days.Beating the moon around the earth
is one achievement. The next will
be to tie the sun in its apparent
journey around the earth.With machines flying 1000 miles
an hour, gentlemen wanting a pro-
longed sun bath will be able to fly
directly under the sun, following it
around the earth for twenty-four
hours or longer.New York's Civil Service Commis-
sion investigated the qualities of life
guards, hired by politicians to pro-
tect New York City's beaches. They
were supposed to dash into the boiling
surf and save the drowning.It was found that of 163 guards 15
couldn't swim a stroke, 18 more re-
fused to "risk the swimming test in
the water." They thought it too dan-
gerous. In the words of Mr. Cook,
of Los Angeles, imagine their embar-
rassment when anyone cried "help."There may be something in the state-
ment that politicians are not fit to
attend to any kind of business.In New York they certainly are
not fit to select life guards.When a gasoline launch exploded on
North Bay, Ontario, a priest, a
man and wife and their two children
were thrown into the water. All but
the father perished.With his two little children, one
aged two years, one only a month old,
in his arms, the father endeavored to
swim to the shore a mile away.But exhausted he was obliged to
drop the children. He reached the
shore alone.It was a noble effort. The only
difference between a father and a
mother in such a case is that THE
MOTHER WOULDN'T HAVE DIED
WITH THE CHILDREN.Ethel Barrymore, forty-nine years
old yesterday, told friends she was
enjoying life "as much as ever."She ought to be enjoying life
MORE than ever.For an intelligent woman real life
begins at forty-nine. Wise provi-
dence won't let women do important
mental work much before fifty. Up
to that age Nature intends women to
be busy with children.Roy Chapman Andrews, searching
for strange things in Central Asia,
reports finding an extinct monster
"as big as the Woolworth building."Such an animal, if carnivorous,
could carry home in its mouth a cou-
ple of big elephants and walk through
an ordinary city crushing buildings
as it went.But it had a small head, little or no
thinking power. That is why it is
no longer with us.A great nation and good pace
maker is Canada. This year's Cana-
dian wheat crop, 500,000,000 bush-
els, breaks all records. And Cana-
dians have just dedicated a National
Park, in the northern part of the
Province of Saskatchewan, 900,000
acres in extent.Doing things in a big way is Cana-
da's habit, and this country is glad
to have so able and friendly a neigh-
bor.Uncle Sam contribute to Canada's
wheat growers when he dug the Pan-
ama Canal, letting all nations use it
on the same terms as ourselves.Through that canal, Canadians in
the Northwest can deliver wheat in
Europe much more cheaply than our
Middle Western farmers can deliver it.**Little Echoes**Coolidge demands budget cuts to
meet estimated deficits.America invites 48 nations to ad-
here to pact renouncing war.Marine patrol routs forty Sandin-
istans in skirmish.Sixteen nations sign in Paris Kel-
logg treaty renouncing war.Durant offers \$25,000 for dry law
enforcement plan.Industry council formed to end
"profitless prosperity."Bomb partly wrecks plant of Chi-
cago Heights newspaper.Fate of Kellogg anti-war treaty
depends on American Senate.Industrial survey shows strikes de-
creasing throughout the world.Treasury deficit of \$94,279,346 for
1929 estimated by budget director.Midsummer trade better than usu-
al, survey shows.Byrd's ship sails on first lap of
Antarctic voyage.Kellogg gives Briand full credit
for anti-war treaty.Captain Heinen declares our air-
ship plans far ahead of Europe's.James plans progressing for 38,
500 mile rail system in west.Promising prospects for general
business in Fall reported.Ship fumigation kills seven ship
stowaways; 9 overcome.Solid fuel for British dirigible R-
101 extinguishes gasoline in demon-
stration.Wild cheers greet Tunney as he
lands in Irish Free State.Way being prepared for every
country to sign Kellogg treaty.**Hancock County Insurance Agency**FIRE

CASUALTY
BONDS
FIDELITY
JUDICIARY**DR. FRANK CRANE****EMPLOYING THE DEAF.**What people want, most of all,
that is, the self-respecting kind of
people, is not charity but employment.A man who can work at all wants
to do his bit.
The most commendable trait in a
human being is a desire to stand on
his own feet and get himself off oth-
er peoples backs. When you give a
man a job, therefore, you give a
boost to his personality. You help
him respect himself.When you give a man charity it
depresses his personality and encour-
ages that spirit in him which makes
him a pauper.We are all sorry for deaf people
and none of us would object to giv-
ing them a quarter now and then to
help them along. But this is the
cheapest thing we can do. It is mere
sop to sentiment. It is giving a lit-
tle of our surplus money to relieve
ourselves of the responsibility of giv-
ing our time and interest and effort.
The American Federation of Or-
ganization for the Hard of Hearing
with headquarters at Washington, D.
C., is seeking to help the deaf by
finding them jobs. The New York
League for the Hard of Hearing has
done a great deal for the unemployed
deaf.These organizations are investiga-
ting constantly occupations in which
the deaf can make good, giving advice
as to change of occupation or as to
training for available occupations.For instance, it suggested to a
deafened fur salesman that he give
up the salesmanship of fur for fur
cutting, and he is making a success
in that line, whereas he was failing
in the former line.A new York store employed hard
of hearing cash girls with success be-
cause the crush of noise of the carry-
ers does not distract them.There are many occupations which
a deaf person can pursue, although
he is handicapped in many.The public should realize that the
best way to help deaf people, as well
as other crippled or impaired peo-
ple, is to give them employment, and
the employers of the country would
do a great deal more good giving
work to people than they could do
in giving them charity or dispensing
largess in any way.
It is not urged that people should
let their sympathy interfere with
their business, but wherever their bus-
iness can be carried on just as well
by those who need it the job should
be given to them.The deaf of the country appeal to
you not for occasional charity, but
for a chance to work and support
themselves.**Dr. Stratton and the Rain.**Dr. John Roach Stratton of Calvary
Baptist church, New York, is seeing
things. He has been seeing them for
some time. But the latest illusion
is that the downpour of rain on the
night of Governor Smith's notifica-
tion was an act of Providence to
show divine disapproval. If Dr.
Stratton would read his bible and
avoid political discussions, he would
readily learn that the good book says
that "God sends his rain on the just
and the unjust." The same rain that
fell upon the hosts gathered to glad-
den the heart of Governor Smith, al-
so fell upon a considerable number of
mugwumps such as Dr. Stratton. And
the recent flood throughout the coun-
try were doubtless, in the opinion of
Dr. Stratton, just a miniature affair
of the great flood in the distant past.
At least it appears that way. In
1896 a prominent Baptist minister in
New York undertook to turn his pul-
pit into a political forum. It was only
a short time until he was out of
that particular church and out of all
others. He has ceased to be a min-
ister altogether. From present ap-
pearances, Dr. Stratton is headed the
same way. And in this connection
he should consider that wonderful
passage from the New Testament,
"he that putteth his hand to the plow
and turn backward, is not worthy in
the sight of God."**SORE
Could Not Rest**Mrs. J. H. Nichols, who lives at
513 Elm Tree Lane, Lexington,
Ky., says:"Some few years ago, my health
was bad. I had very severe pains
in my sides. My nerves were in
a terrible condition. I could not
rest.""The lower part of my body
was very sore. I did not feel like
eating, and did not sleep well at
all at nights.""A friend of mine recommended
Cardui. I began taking it and
saw quite an improvement in my
condition. I kept it up until I
felt strong and well."About a year ago, Mrs. Nichols
says, she found herself in a her-
vous, run-down condition. "I took
Cardui again," she adds, "and it
helped me wonderfully. It is a
splendid tonic."Cardui is a mild, medicinal
tonic, made from purely vegeta-
ble ingredients.

*The new Buick
is the new Style***More than handsome... more
than luxurious... a wonderful
new type of motor car beauty... a
thrilling turning point in body design**It will be imitated, of course! The
new, the fine and the beautiful
always inspire emulation. But so
great is the cost of building the
magnificent new Fisher bodies for
the Silver Anniversary Buick that
imitation will be possible only to
much costlier cars, and even these
will find difficulty in following
where Buick leads!
\$1,500,000 has been expended in
manufacturing the dies alone for
the new Buick bodies; and the
gracefully curving side panels
which form one of their distinguish-
ing characteristics represent the
most expensive steel paneling work
employed on any automobile in
the world!But it is not in the matchless grace
and beauty of exterior design alone
that the Silver Anniversary Buick
eclipses other cars. In fleet, power-
ful performance too, the world
holds no equal for the Silver Ann-
iversary Buick with Masterpiece
Bodies by Fisher. And the motor-
public, buying in such tremendous
volume as to force the great Buick
factories to work day and night to
supply the demand, is elevating it
to the prominence of a vogue!THE SILVER ANNIVERSARY
BUICK
With Masterpiece Bodies By Fisher**GULF COAST BUICK CO.**

Vote For The Winner

JUDGE ROBERT S. HALL
Leading Candidate for Congress.

The official vote in the recent primary gave—

HALL 9383

A Plurality of 1127

Judge Hall lead the ticket in 16 counties; was second in 8, but never last. He lead his nearest opponent in 10 counties by 2808 votes. With this magnificent lead, and the continued efforts of Judge Hall's thousands of friends throughout the District he will win by a large majority.

Judge Hall's BROAD EXPERIENCE AND FAITHFUL SERVICE as State Senator, District Attorney, and Circuit Judge MERITS PROMOTION, and qualifies him as one with sufficient BREADTH OF VISION to apply himself successfully to the manifold duties of a Congressman.

He is not of that kind who are wont to declare their virtues from the housetops, as the hypocritical Pharisees of old. He is too well known throughout the District for further portrayal of his well earned character as a JUST, HONEST and FEARLESS public servant.

Judge Hall has thrown no mud and will not. Vote yourself and ask your neighbors to vote for Judge Hall on September 11th.

HALL'S CAMPAIGN COMMITTEE.

NOTICE OF SPECIAL ELECTION.

Pursuant to an order of the Board of Supervisors, which is as follows:—
The petition filed with the Board asking that an election be called to determine whether or not the office of the County Clerk be created was by the Board duly considered and examined and the Board finding that the said petition contained more than ten per cent (10 per cent) of the qualified electors of Hancock County, and the said petition being in due form addressed to the Board of Supervisors that an election be called by said Board.
It is therefore ordered that said petition be filed and that an election be held on the 24th day of September, 1928, for the purpose of determining whether or not the said County Clerk should be established in Hancock County.
Be it further ordered that a copy of this order be sent to the County Election Commissioners and that they do all such matters as provided for by law for them to do for the holding of said election.
An election will be held in Hancock County on September 24th, 1928, to determine whether or not the office of County Clerk be created.
This the 1st day of September, A. D. 1928.

MRS. L. A. GEX,
GEORGE R. REA,
R. J. LADNER,
Commissioners of Election Hancock County.

NOTICE OF SALE OF LAND BY ADMINISTRATOR UNDER DECREE.

Administrators Sale by virtue and in pursuance of a decree of the Chancery Court made at the July Term, 1928, there of.
The undersigned Administrator of the estate of Sarah Buckhalter, will on the 15th day of October, 1928, between the hours prescribed by law, proceed to sell at the front door of the Court House, in the City of Bay St. Louis the property on question to the highest bidder, for cash, all that certain tract or parcel of land situated and being in the City of Bay St. Louis, County of Hancock, State of Mississippi, and which land is more particularly described as follows:
Lot 140 of the second ward of the City of Bay St. Louis as per the Drake map of said city filed for record in the office of the Chancery Clerk on May 3d, 1928.
This the 1st day of September, A. D. 1928.
JOS. V. BONTemps,
Administrator.

PETITION FOR PARDON.

To The Honorable Theodore G. Bilbo, Governor.
We, the undersigned citizens of Hancock County, Mississippi, respectfully ask your Excellency to pardon Sherman Falls for the balance of the term which he is now serving in the State Penitentiary at Parchman Farm.
Sherman Falls was convicted of manslaughter at the May 1927 term of the Hancock County Court and was sentenced to three years in the State Penitentiary of which term he has served more than

Makes Canned Milk Shipment.

Kosciusko.—The first shipment of canned milk in carload lots from the new condensery here was consigned this week to Birmingham and Mobile. Birmingham received a shipment of 62,400 cans while Mobile was allotted 43,000 cans.
Sale of milk from the condensery was begun last week at Kosciusko to local trade but the two consignments to the Alabama towns marked the first car lot shipments. This plant has been in operation less than two months.

Commission Awards Contracts

New Orleans.—Contracts for river equipment amounting to \$1,000,000 have been awarded by the Mississippi River Commission. The new equipment will consist of 93 steel barges and it is estimated that 10,700 tons of steel shapes and plates will be required to build them.

fourteen months, and with time allowed for good behavior has but a few months of his sentence yet to serve.
This convict, Sherman Falls, up to the time of his offense had been a law abiding citizen and has never been in any trouble before.
W. J. GEX, JR., AND OTHERS.

NOTICE FOR PUBLICATION.

(PUBLISHED)
DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE
at Washington, D. C.
NOTICE is hereby given that Bettie Finlay of Gulfport, Miss., deserted wife of James Finlay, Lakeshire, Miss., who on February 19, 1906, made homestead entry, Jackson, No. 41087 now GLO 0057, for W. 1/2 NE 1/4, SW 1/4 NE 1/4, SW 1/4 NE 1/4, Section 24, Township 9 E., Range 15 W., St. Stephens Meridian, has filed notice of intention to make five year proof to establish claim to the land above described, before A. G. Davis, Chancery Clerk of Hancock County, Mississippi, at Bay St. Louis, Mississippi, on the 1st day of October, 1928.
Claimant names and witnesses: Randolph Ladner, of Lakeshire, Miss.; Sam Ladner, of Lakeshire, Miss.; Jack Ladner, of Lakeshire, Miss.; E. S. Drake, of Bay St. Louis, Miss.; The attorney, James Finlay, is notified that publication of said proof, the wife Bettie Finlay, seeks to obtain patent for the land in her own name.
D. C. KATZMANN,
Acting Assistant Commissioner.

REGULAR MONTHLY MEET CO. BOARD SUPERVISORS

AUGUST MEETING, 1928

The objections and exceptions of the Edward Hines Yellow Pine Co., to the raises and increases in their 1928 personal assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objections as filed by the said Edward Hines Yellow Pine Co., should be overruled and denied.
It is thereupon so ordered and adjudged that the written objections and exceptions of the said Edward Hines Yellow Pine Co., to the raises and assessments made in their 1928-29 personal assessment be and the same is hereby overruled and their said personal assessment for the year 1928 be and the same is hereby fixed in accordance with the changes and raises made by this Board on each and every item of said 1928 personal assessment.

Be it ordered by the Board that the Board adjourn until Tuesday morning, August 7, 1928, at 9 o'clock A. M.

H. S. WESTON, President.
Tuesday morning, August 7, 1928, at 9 o'clock A. M., Board met pursuant to adjournment, present as on yesterday, excepting Jos. P. Moran, who was excused on Friday, August 24th, 1928.

Jos. C. Jones, Sheriff and Tax Collector presented his insolvencies, etc. for the year 1927 and the Board having considered and carefully examined and scrutinized said list and having acted therein in the manner directed by law and the Board now being satisfied that the said Tax Collector is entitled to credit for the insolvencies of all assessments as shown by said list.

It is ordered by the Board that the following amounts be allowed said Tax Collector for the account of said insolvencies for the year 1925.

State	171.41
General County	171.41
General County Loan Warrant	28.56

School Fund	12.50
School Loan Warrant	2.30
Commutation tax	82.00
Poll Tax	122.00

Ordered by the board that the Board adjourn until Wednesday morning, August 8th, A. D. 1928, at 9 o'clock, a. m.

H. S. WESTON, President.
Wednesday morning, August 8th, A. D. 1928 at 9 o'clock A. M. Board met pursuant to adjournment, present as on yesterday, excepting Jos. C. Moran who was excused.

The objections and exceptions of A. F. Delbert to the raises and increases in his 1928-29 real assessment as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objections as filed by the said A. F. Delbert should be overruled and denied.

It is thereupon so ordered and adjudged that the written objections and exceptions of the said A. F. Delbert to the raises and assessments made in their 1928-29 real assessment be and the same is hereby overruled and his said real assessment for the year 1928-29 be and the same is hereby fixed in accordance with the changes and raises by this Board on each and every item of said 1928 real assessment.

The objections and exceptions of W. A. Staehle to the raises and increases in their 1928-29 real and personal assessment as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objections as filed by the said W. A. Staehle should be overruled and denied.

It is so ordered and adjudged that the written objections and exceptions of the said W. A. Staehle to the raises and assessments made in his said real and personal assessments for the year 1928-29 be and the same is hereby fixed in accordance with the changes and raises made by this Board on each and every item of said 1928 real and personal assessment.

Be it ordered by the Board that the Board adjourn until Thursday morning, August 9th, A. D. 1928, at 9 o'clock, a. m.

H. S. WESTON, President.
Thursday morning, August 9th, A. D. 1928 at 9 o'clock a. m. Board met pursuant to adjournment, present as on yesterday.

The objections and exceptions of Mrs. Elizabeth Boudin to the raises and increases in their 1928-29 real assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objections as filed by Mrs. Elizabeth Boudin should be overruled and denied.

It is therefore so ordered and adjudged that the written objections and exceptions of the said Mrs. Elizabeth Boudin to the raises and assessments made in her said real assessments for the years 1928-29 be and the same is hereby fixed in accordance with changes and raises made by this Board on each and every item of said 1928 real assessment.

The objections and exceptions of Chas. W. Hopkins to the raises and increases in their 1928-29 real assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objection as filed by Chas. W. Hopkins should be overruled and denied.

It is thereupon so ordered and adjudged that the written objections and exceptions of the said Chas. W. Hopkins to the raises and assessments made in his said real assessments for the years 1928-29 be and the same is hereby fixed in accordance with changes and raises made by this Board on each and every item of said 1928 real assessment.

Be it ordered by the Board that the Board adjourn until Friday morning, August 10th, A. D. 1928 at 9 o'clock, a. m.

H. S. WESTON, President.
Friday morning, August 10, A. D. 1928, at 9 o'clock a. m., Board met pursuant to adjournment, present as on yesterday.

The objections and exceptions of Harry S. Saucier to the raises and increases in their 1928-29 real assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objection as filed by Harry S. Saucier should be overruled and denied.

It is thereupon so ordered and adjudged that the written objections and exceptions of the said Harry S. Saucier to the raises and assessments made in his said real assessments for the years 1928-29 be and the same is hereby fixed in accordance with changes and raises made by this Board on each and every item of said 1928 real assessment.

The objections and exceptions of Mrs. Angeline Moreau to the raises and increases in their 1928-29 real assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that the said objection as filed by Mrs. Angeline Moreau should be overruled and denied.

It is thereupon so ordered and adjudged that the written objections and exceptions of the said Angeline Moreau to the raises and assessments made in her said real assessments for the years 1928-29 be and the same is hereby fixed in accordance with changes and raises made by this Board on each and every item of said 1928 real assessment.

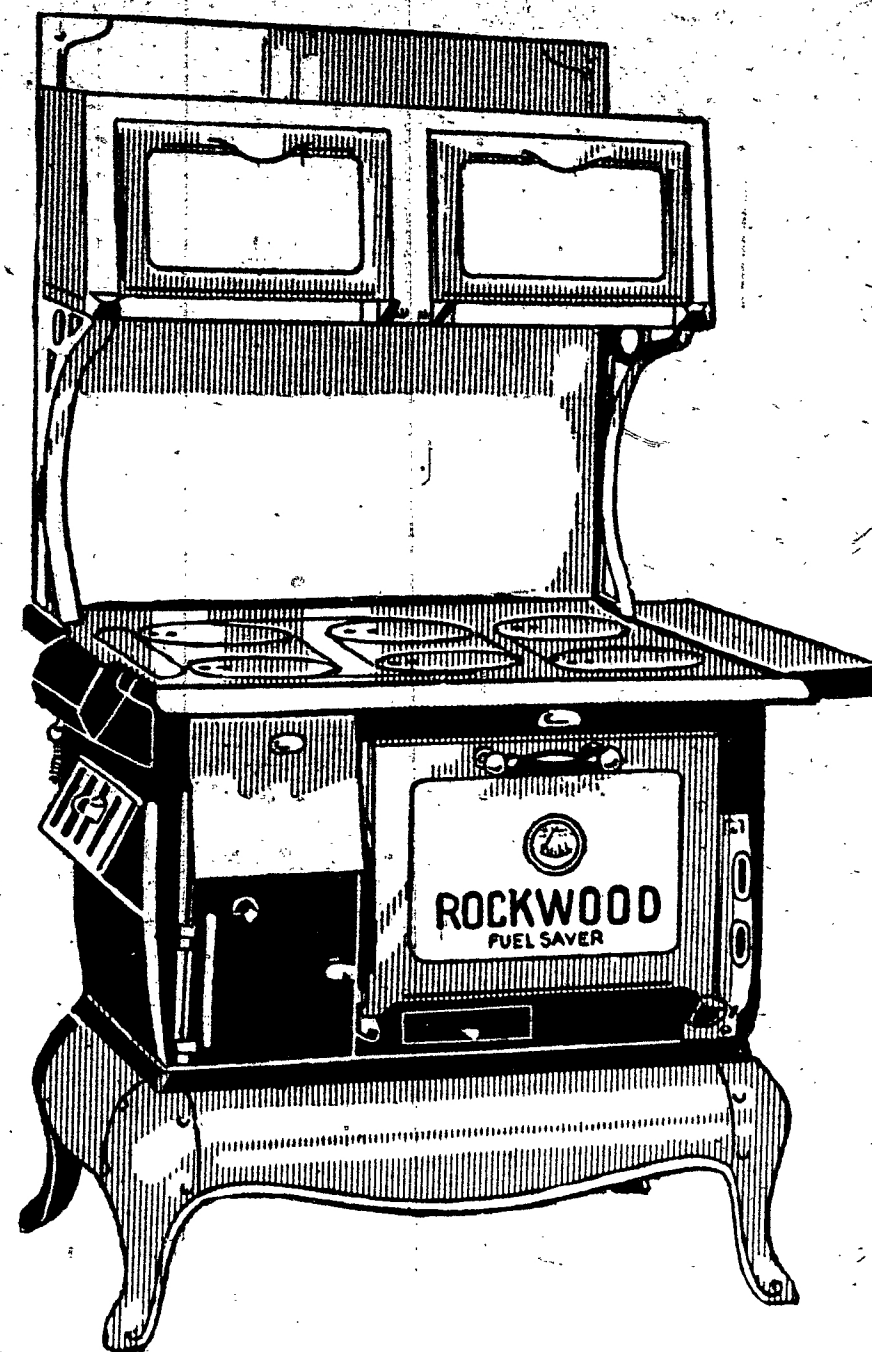

Be it ordered by the Board that the Board adjourn until Saturday morning, August 11, A. D. 1928, at 9 o'clock A. M.

H. S. WESTON, President.
Saturday morning, August 11, A. D. 1928 at 9 o'clock A. M. Board met pursuant to adjournment, present as on yesterday.

The objections and exceptions of Mrs. Jos. J. Ritayik to the raises and increases in her 1928-29 real assessments as made by the Board of Supervisors came on to be heard and the Board having heard and considered the same is of the opinion that

STOVES! RANGES!

FALL! The season in which we begin thinking of good baking stoves and warm kitchens and at the same time economizing on fuel. This may be done by using our Rockwood Ranges or Cook Stoves.

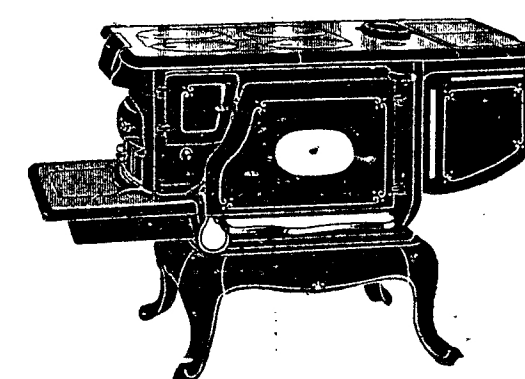

SMALL
DOWN
Payment

\$5.00
FOR
YOUR
OLD
STOVE

The fundamental feature of the Rockwood Range is its absolute durability that gives customer-satisfaction, and should any part prove defective, we will replace it without cost.

Aside from the fundamental point of durability, the Rockwood has all the modern features that make for convenience and perfect construction, including:

1. One-piece flue back, eliminating all possibility of mistakes in installing. A patented feature.
2. Tight level top, free of warp.
3. Heavily lined fire box that conserves heat.
4. Fireback in three pieces, easily removable.
5. Duplex grates, easily changeable for wood or coal.
6. Large pouch feed door, making it easy to put in the coal.
7. Deep ash pan, into which ashes drop directly from the grate.
8. Flues and drafts designed by heat engineer, producing maximum of heat efficiency.
9. Wood oven door handle, a needed convenience.
10. Extended flanges on oven plates keep oven air tight.
11. Furnished in either Blue or Gray Porcelain enameled or nicked or plain finish, with or without reservoirs.
12. Thermometer or Heat Indicator on oven door—a scientific necessity in regulating heat in oven.

There is a stove for every family, ranging from the small Number Seven to the Range—and for One Week, BEGINNING TODAY, we will give you \$5.00 for your old stove or range. Prices start at \$17.50. Come in for demonstration.

(Continued on page 4)

Mirrors of Mississippi

By Edgar S. Wilson

People from all parts of the state who visit the capital seem to agree that the vote for Smith, the Democratic nominee for president, will perhaps be easily twice as large as that cast for Cox, the Democratic nominee in 1920, and for Davis, the Democratic nominee in 1924. This, according to the statement being made grows out of the fact that the Democratic men and women of Mississippi are resenting the efforts of Hoover, the Republican nominee, to break the white solidarity of the south by making a drive in the southern states, including Mississippi.

The highest vote received in Mississippi by any Democratic elector on the Cox ticket on November 2, 1920, was 69,277. The highest vote received by any Republican elector on the Harding ticket was 11,576. The Republican electoral ticket was made up of both negroes and whites. There was also a Social ticket for president. The highest elector on that ticket received 1,839.

At the election of November 4, 1924, when Davis was the Democratic nominee and Harding the Republican nominee, the highest Democratic elector received 100,475 votes and the highest Harding elector received 8,494. The Harding electoral ticket was composed of negroes and whites. There was also a Progressive presidential ticket. The vote for the highest elector on the same was 3,494.

In the state wide Democratic primary of 1927, the aggregate vote for the candidates for governor—when Bilbo, Murphree, Conner and Anderson were candidates—was 287,831. It is estimated that the Democratic electorate of Mississippi is around 300,000, and it is reported from all points of the compass that the men and women who passed through the awful carpetbag saturnalia are telling their sons and daughters and grandchildren of the horrors and sorrows of reconstruction when "black heels were on white necks" and that the white manhood and womanhood of the state are going to the polls on November 6, 1928, and register an unforgettable rebuff to Hoover, a Republican nominee for president, who has shown by his official acts that he is in favor of social and political equality between the negroes and the whites.

litical equality between the negroes and the whites.

In publishing applications for pardons the applicant or his attorney should see that the provisions of the constitution are complied with. The constitution requires that such application shall be published for thirty days in some newspaper in the county where the crime was committed, and in case there be no newspaper published in said county, then in an adjoining county. The petition must set forth the reasons why such pardon should be granted. Thirty days does not mean four weeks. It means that thirty days must elapse between the first and the last publication of the petition.

The announcement by Governor Bilbo that he will convene the legislature in extraordinary session on Monday, October 1, 1928, gives the members of that body ample time in which to arrange their private affairs. In his proclamation, which will follow in due course, the governor will name the subjects and matters for which the extraordinary session is called. Unless the governor submits other matters after the legislature assembles, it may not consider any matter not specified in the call. The idea which seems to prevail in most quarters that the governor must issue his proclamation for an extraordinary session of the legislature ten days before the date set for its assembling, is wholly erroneous. Emergencies may arise which necessitate the calling of an extraordinary session in 24 hours.

For years I have protested that the legislative journals contain much worthless matter, entailing useless expense on the taxpayer. As pointed out, the journals of the session of 1926 and other previous sessions were so large they would not go in a peck measure. The journal of the House of Representatives of 1928 is about half the size of previous journals. While there was a greater volume of business transacted in 1928 than in 1926, yet the journal of 1928 contains only 1,171 pages against the House journal of 1926 which contains 2,271. This reform was largely suggested by Clerk Power and received legislative sanction.

PASS CHRISTIAN ISLES CHANGED HANDS RECENTLY Large Tract of Property at Henderson Point Purchased by N. O. Concern

Pass Christian Isles, large real estate development on the Bay of St. Louis and Bayou Port e at Henderson Point near Pass Christian, has recently changed hands according to a deed filed for record in the chancery clerk's office at Gulfport Friday of last week, involving a consideration of \$1,290,684.57.

The new owners of the property according to the recorded instrument is The Gulf Bay Land Company, a New Orleans corporation and the former owners which relinquished its claim to the ownership is the Pass Christian-Chicago Land Co., a Delaware corporation.

The property involved in the transaction includes all of the "Pass Christian Isles" project with the exception of certain portions which have already been disposed of to other individuals or firms.

The \$1,290,684.57 consideration was not represented by a full cash transaction but by the transfer of certain bonds secured by the property and by the cancellation of certain indebtedness on the part of the grantee and the assumption by the grantee of other indebtedness.

The amount of the bonds involved in the transaction which are five year bonds issued in 1926, is given as \$1,110,000.

The indebtedness in the form of notes which the grantors agree to cancel is given as \$24,680 while the amount of indebtedness assumed by the grantors as a part of the consideration is given as \$44,900.

Smith Friend to South.

Clarksdale.—Governor Smith is greatly interested in the work of the women of the South not only along political but also in the social and good friend in every way of the South according to Mrs. John Bell Hood of Jonestown, Miss., who returned last week from Albany, N. Y., where she was present at the notification ceremony recently.

"This interest shown by the governor in the South as one of my most outstanding impressions," said Mrs. Hood.

Mrs. Hood was herself greatly impressed, she said, with Governor Smith, his earnestness, his ability and his determination to do the right thing no matter what might be the consequences.

She also declared she was greatly pleased with Mrs. Smith, his wife, as a "true wife and good mother."

White and Mr. Hoover.

William Allen White, Kansas editor, recently published some severe charges against Governor Alfred E. Smith. He has since retracted some of them to his credit he is said. But Mr. White has never said the raw things about Smith that he has published concerning Hoover. Prior to the Kansas City convention, White had no use for Mr. Hoover. In one of his articles he referred to the Secretary of Commerce as a "timid, fat capon." And there is no record that this peevish language has ever been retracted, although White is supporting Hoover for President. It is well to say here that no one has ever called Al Smith timid.

The Turning Point
I saw her in a bathing suit.
Since then I haven't felt the same.
She always seemed so plump and cute
I saw her in a bathing suit.
Returning from a dip to boot
And then the vision came!
I saw her in a bathing suit.
Since then I haven't felt the same.

Mississippi Brevities

UP AND DOWN—

Misses Mary Kennedy and Iris Thames of Cohay got neither very high nor very far away on their first airplane flight. With Pilot A. C. Lutz of Laurel they ascended 100 feet on a slow rise, descended 100 feet in a sharp drop. The plane was demolished, the passengers hurt, not seriously.

SAVED BY A RING—

J. E. White, Grenada, stood about three feet from a good natured bull. Suddenly the bull got mad, charged, tossed White into the air, charged again as he hit the ground. About to be gored, White grabbed the ring in the bull's nose, swung on doggedly until pitch forks and fence rails subdued his attacker.

NUN KILLED—

At Thornton, delta community, Wash Nun's cow broke into John Brown's field. Brown ran her out, took a long distance shot at her. Nun heard of it, decided to take a shot at Brown. They met, but Brown shot first, killed Nun.

TILTING TIMBERS—

Jesse L. Bullock, Tylertown, got through the Civil War all right, but came near being killed in a Ford recently. As veteran Bullock rode across a small bridge his Ford hit the side of a loose timber, whereupon the other end promptly flew up, smashed him in the nose, crushed the bone.

LYE—

At Winona Henrietta McNutt and Luella Lockhart, colored, had a hair-pulling match. Henrietta won. Angry and jealous, Luella lay in wait, gave Henrietta a bath of Red Devil Lye. Severely burned, permanently scarred, Luella barely lived.

LIVE WIRE—

Charles Butcher, Lockhart, bumped into a live wire hanging from a Meridian arc light, was burned and knocked unconscious. Passing nearby was lineman J. J. Gartman of the A. T. & T. Co. Skilled in administering artificial respiration, Gartman pumped air into Butcher's lungs, life back into his body.

RADIO—

To the many complaints made against radio racket was added last week the charge that a radio was responsible for the suicide of a child who entered drawers and purses in the home of Mrs. Mary Barrow, Gulfport. His footsteps drowned by radio music, the early-evening burglar made way with cash and jewels.

RUNAWAY ENGINE—

Yandell Swayze stood upon a steel platform near the top of a big oil engine in the Boston gin at Benton. The engine speeded up, raced, began to crack, burst into a hundred pieces, some weighing hundreds of pounds. Lucky, Swayze was not hurt save for a slight jar when the platform fell to the floor ten feet below.

BRIGHT GOOSE—

At Scooby a big goose watched a baby calf as it caldled. The calf died. The goose approached the cow clasped a teat in its long bill, squeezed out milk. Tolerant the cow supplies the goose with milk daily, never kicks unless the drinker becomes greedy, pinches too hard. For confirmation write Mrs. A. H. Rutledge, R. F. D. No. 1, Scooby, Miss.

PATRON SPARED—

A customer in an Ashland barber shop last week got his hair only half cut. In the midst of the clipping Barber H. D. Hudspeth was struck by lightning, rendered unconscious for several hours. The customer, seated in a barber chair, was neither shocked nor burned.

SPECIAL SESSION OF LEGISLATURE WILL OPEN OCT. 1

Governor Will Issue Call for Extraordinary Session— Begins Speaking Tour

Governor Bilbo Tuesday officially set October 1 as the date of the extraordinary session of the state legislature made necessary because the governor and the legislature were unable to agree upon revenue matters at the last regular session.

In the call for the session, which has not yet been issued, Governor Bilbo is expected to include revenue legislation and the establishment of a state printing plant. The printing plant bill, sponsored by the governor, was defeated at the last session.

Adjournment of the legislature without passing a revenue measure left the state and counties without funds for the next two years.

Governor Bilbo will start a speaking campaign Thursday which will carry him over the state. It will end September 21, giving him a few days before the special session begins. He is expected to appeal to the voters in behalf of the legislation he wants passed during the special session.

Skating Rink Opens.

George S. Hurst of Hattiesburg, operator of the Palace Roller Skating Rink, opened his amusement pavilion on South Front street near Main, Bay St. Louis, last week and is receiving the hearty patronage of the Bay people who are enjoying roller skating as an interesting diversion. Mr. Hurst is accompanied by his wife and four instructors, George Finch, Cecil Woolley, Robert Stanley and Gene Waley, who teach skating free.

The skating rink is arranged on a 44x94 maple floor under canvas. The amusement pavilion carries 280 pair of skates and music is furnished by the military band organ electrically operated.

TO HOLD REVIVAL.

A revival meeting will be held at Union Baptist church in the Caesar community beginning Sunday night, September 9, and continuing through the following Sunday. Rev. J. G. Gilmore, pastor of the Baptist church at Bay St. Louis will be the preacher, assisting the pastor of Union church, Rev. Mangrum. The general public is cordially invited to attend the services.

ALL the world swims in Jantzen

THROUGHOUT North and South America and at the pools and shores of other lands, Jantzen are notably popular with folks who swim.

Indeed, "swimming's the thing" these days almost everywhere. And it's so much easier to swim in a Jantzen . . . warm, snug, flexible. You'll marvel at the matchless . . . wrinkleless fit.

Jantzen material, consisting entirely of long-fibred wool, is tightly knitted by a process called Jantzen-stitch. It is extremely elastic.

And Jantzen's system of sizing by weight assures you the right size to start with. We have all the popular colors and styles in every size. And being dyed-in-the-wool, they're color-fast.

Men's Jantzens . . . \$6.00
Women's Jantzens . . . \$6.00
Children's Jantzens . . . \$3.00

Jos. O. Mauffray

Three Million Dollars For The Sixth District

The Sixth District is entitled to at least \$3,000,000.00 for roads. There are seven other Highway Commissioners, all good business men, fighting for their district. We must have a man with ability and practical experience, who can deliver the goods, or we will not get what belongs to us.

DO YOU WANT:

- 1.—A man with nine years experience building roads.
- 2.—A man who has made money building roads on competitive bids.
- 3.—A successful business man.
- 4.—A man who makes the same promise in every County in the District—and that is to deal fair.
- 5.—A man who knows enough about the job to know he can't designate any particular road to be built.
- 6.—A man who was supported by a larger percentage in his home County than any man in the race.
- 7.—A man who has been bonded by a Fidelity Company for over \$1,500,000.
- 8.—A man who has built over 25 links of road on competitive bids and has never had one rejected or criticized.

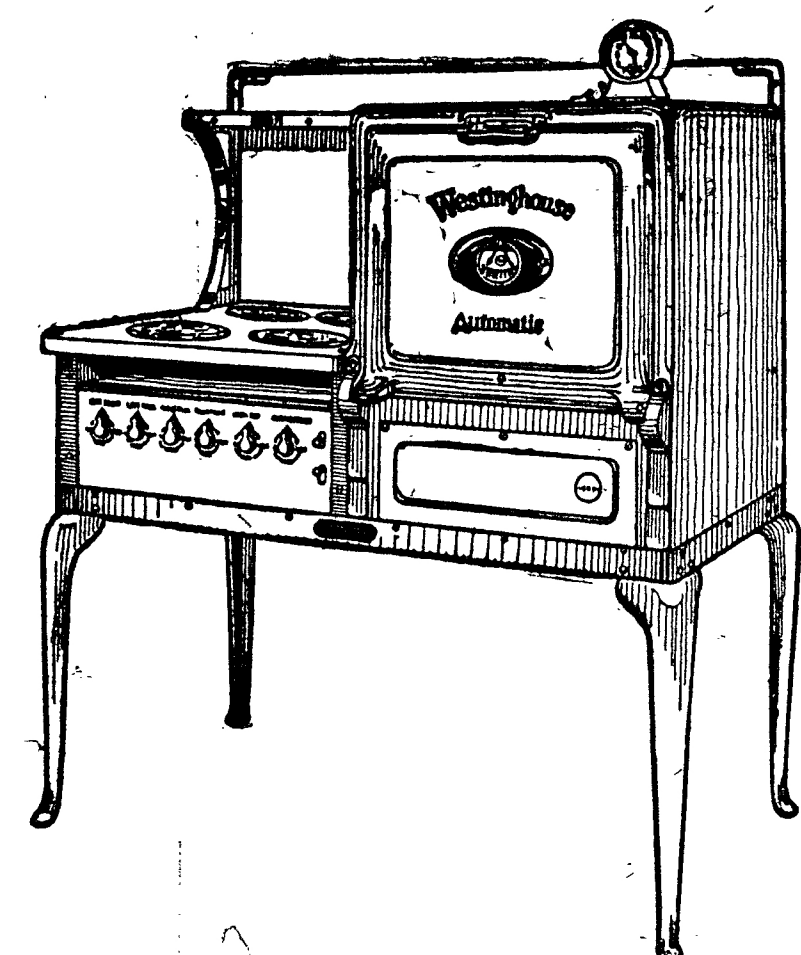

THEN

VOTE FOR JULIUS MOODY

COMMENT ON SPORTS

Track enthusiasts will regret to hear of the prospective retirement of Charles W. Paddock, who has been running for fifteen years. After losing the Olympic race, Paddock concludes that "the gong has sounded" and intimates that he will leave the field in moving pictures. This fall he will go on a lecture tour which is expected to cover forty states.

Baseball in Japan may be the same game that is played in the United States, but the sporting phraseology is another matter. The Manchurian Daily News, published at Dairen, tells of games between Japanese nines and a team from the University of Southern California. Here are a few excerpts from the newspaper account of the game:

"As Kreiger's safer between B-3 and SS, F. Welch made a dash for B-2 and got a base. At Gorman's direct 3-bagger, passed between CF and RF, Kreiger caught home thus drew first blood."

"On two occasions double play was neatly executed. The ball was first thrown to B-3 by whoever was concerned, forstalling the runner, and then there was still time for the ball to be thrown to B-1 to out the batter who was coming forth."

Switching to boxing, there are those in the South who believe Young Stribling is going to make his mark and become the next heavyweight champion of the world. Reports are that he is going like a house afire. His record shows 104 knockouts and his supporters say he has beaten Tommy Loughran twice and lost to him once. He beat Slattery, Risko, McTigue, Romero, Rogas, and Martin Burke. Risko beat Sharkey and Burke lasted 15 rounds with Tunney. Stribling's bad fight with Berlenbach upset his record, it is claimed, because the Georgian got in bad with New York sports writers who knocked him out.

The sudden collapse of the New York Giants and the wonderful spurt of the Pittsburgh Pirates mark the struggle in the National League. The Giants who managed to sneak into first place for a day or so, went into a slump and dropped seven games in a row, which probably means their downfall unless a speedy reversal takes place. In the meantime, the Pirates, considered definitely out of the race in July, started to play a remarkable game and have succeeded in forcing themselves to be recognized as factors in the race.

In the American League every thing points to a decisive clash between the Yankees and Athletics on

Sunday, September 9, when these contenders meet in New York in a double header. Both teams are mauling each other and their race is neck and neck. While the Yankees, weeks ago, looked like sure winners, they are today faced by the determined drive of the Athletics who have demonstrated their sustained power by out-playing the entire league for many weeks.

GIRL ATHLETE WHO WON SCHOLARSHIP CHOOSES CHICAGO

The \$4000 scholarship of four years' duration which Vernona Hardy of Gulfport, 17 year old daughter of the late Colonel J. C. Hardy and Mrs. Lulu Daniel Hardy, won in a recent national good roads contest will be used by Miss Hardy in acquiring a degree in physical education. Miss Hardy wrote the winning essay while a junior in the Gulfport High school in May, 1926. She was graduated with the class of 1927, and last year attended Gulf Park College. She specialized throughout high school in physical education and expects to make it her vocation. Her record as an athlete both in high school and college last year is an enviable one.

She will enter Chicago University in the fall, having selected a co-ed institution because she "likes both boys and girls." After three years at Chicago she will receive her A. B. degree and then she plans to take her master's degree as the fourth year work which her scholarship allows.

Miss Hardy's mother is one of the outstanding club women of Mississippi, having served as president of the Mississippi Federation of Women's Clubs. She is now a member of the faculty of Gulf Park College. Miss Hardy's father was one of the founders of Gulf Coast Military Academy and also a founder of Gulf Park College. Both received Master's degrees, Mrs. Hardy from Columbia and Colonel Hardy from Vanderbilt.

Final Lesson Needed
Harold—When the postman comes I'm going to wallop you within an inch of your life.

JUDGES AWARD MALLINI DECISION OVER SAILOR RITCHIE OF NEW ORLEANS

Fans Disapprove of Decision—Say It Should Have Been Draw—Paul Favre and Sammy Marino Draw—Bobby Fay Wins

The local American Legion Post celebrated Labor Day, September 3, by staging one of the best boxing exhibitions yet witnessed in the new arena and before one of the largest crowds.

Judges Award Mallini Decision
In the ten-round main bout, Buster Mallini of Kiln and New Orleans was awarded a decision over Sailor Ritchie, a local colored boy. Ritchie, besides Referee Russell Manieri, two selected judges presided, they being William J. Lizana of Bay St. Louis and Bernard Chataud of Pass Christian. At the end of the decision was given to Mallini, the two judges favoring the latter, while Referee Manieri favored Ritchie. The majority of the fans were of the opinion that Ritchie should have at least been given a draw.

Ritchie is the toughest opponent Mallini has ever met in the local ring. In the fifth Ritchie drove Mallini into a corner where they fought furiously for about thirty seconds, Mallini being the first to back away. Several times after Ritchie's hard left found Mallini's jaw but Mallini always came back fighting like a wildcat.

Paul Favre-Sammy Marino, Draw
In the sixth round semi-windup, Paul Favre, of Bay St. Louis fought a draw with Sammy Marino of New Orleans.

In the first round Favre cut Marino's left eye, but during the other four rounds, Marino being fast and more experienced danced out of the way of Paul's best punches, himself landing several stingers to Paul's jaw.

"Bobby Fay" Wins
In the four round preliminary Bobby Fay won a close decision over Kid Whombo.

From the looks of Bobby Fay and his style of fighting, he will make a good scrapper, if properly trained and taken care of. Kid Whombo, too has a good left jab, but will have to learn how to use it.

Colored Scrappers Draw
Sam Nichols, local colored boxer and Kid McMillan, of Kiln, fought four rounds to a draw. In the first round an uppercut to McMillan's chin knocked him stiff and flat on his back, but just as Referee Ladner

counted seven the bell rang, saving him. McMillan came back in the second, apparently dazed, and fought his way to a draw with his opponent.

Monko Loses
Kid Monko, alias "Kid Evolution" lost a four round decision to Willie Adams, local colored boy. Monko only hit the floor one time.

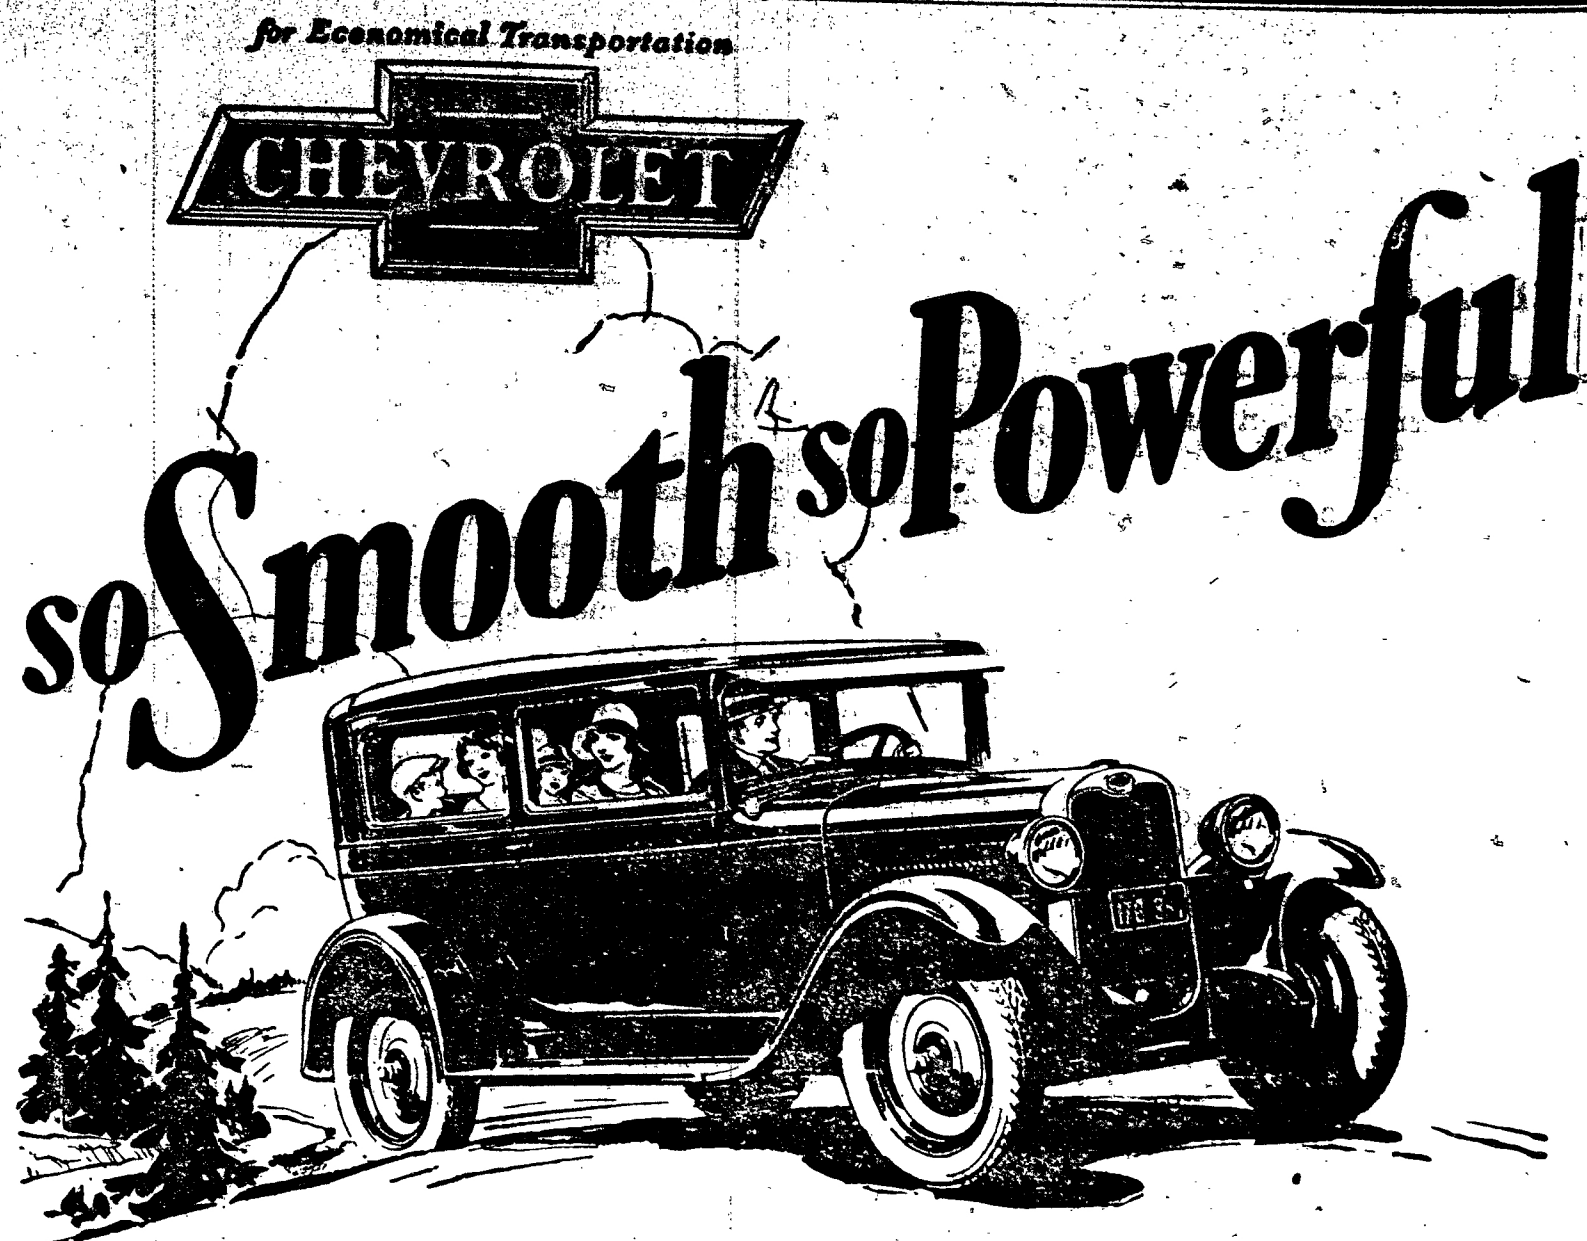

Sailor Branner Introduced
Sailor Branner, of Biloxi, was introduced to the fans. The Sailor challenged Buster Mallini, who at once accepted. They will meet in the local arena in the near future.

NEW COACH FOR BAY HI ELEVEN THIS SEASON Only One Letterman Will be Missing From Class B Team This Year

(Paul Tibbler in Daily Herald)
The Bay St. Louis High School will have a new coach to lead the team this year. Colbert Craft, who comes to the school from State Teachers college will open the football training there about September 15 it was announced a few days ago. The new leader was director of athletics at Petal, Miss., last year and is expected to be a good addition to the Hancock county school coaching staff.

Craft replaces Ollie Brooks as head coach. Brooks came to Bay St. Louis from Millsaps college and had a winning record on the gridiron last year. With the St. Stanislaus college entered into the Gulf Coast region and prospects of a team there, the football fans will have plenty of action in store, for them during the fall months.

The Bay St. Louis High school made a hot chase for the Class B division of the region championship honors last fall, which was won by Long Beach and the new football mentor expects to have even a strong team out for the honors this term. The team will start practice minus the services of only one letter

Paraffin-base crudes

Make It SAFE

Pan-Am motor oil protects your car under all driving conditions, because it is refined from pure paraffin-base crudes. Nature has given this type of petroleum exceptional qualities. It produces the toughest, sturdiest motor oil known.

Moreover, Pan-Am motor oil is refined with unusual care. Its specifications are similar in all respects to those set up by the leading automo-

tive engineers as the ideal lubricant for modern motors.

Fill up, today, at the first Pan-Am station you see. Every dealer has a scientifically prepared chart showing

just the right grade of this safe motor oil to protect your car.

SELECTED MEN
The Pan-Am franchise is only given to dealers of proved business character. You can trade with confidence at any Pan-Am Station.

man and have a number of reserves to pick from.

The schedule this season has not been announced but will probably be when the new skipper arrives to take over his duties next week. It is probable that the team will have to face some of the best Class B gridiron machines in this section and with the interest for the sport growing each year the going will be hard for all teams on the Coast.

The Bay St. Louis school has some good prospects in its ranks and should mould out a good eleven to fight under their colors. The team will probably use the St. Stanislaus stadium as their home field as the Saints play most of their contests on Saturday and Sunday.

Tulane Adds Faculty.

New Orleans.—Twenty-five new faculty members, some notable experts in their field, will be added to the Tulane faculty for the coming term, according to announcement made by this institution. This substantial increase in the faculty is made necessary by the new courses added and by general expansion.

Loyola University also announced the appointment of six new faculty members. Prominent bankers of this city have been selected for a special night course in banking and finance and a similar course has been added to the day program. The chemistry of oil and sugar industries will be taught in a new course in chemistry this year.

Both Tulane and Loyola forecast record enrollments for the coming school year.

PROSPECTS GOOD FOR STANISLAUS TEAM THIS YEAR

Coach Perkins Says Local Squad Includes Winning Material—In Training

(Clinton Blackwell in Daily Herald)
"Prospects look good for a winning team," was the way that Coach Grady Perkins of the St. Stanislaus College expressed his thoughts about his football squad for this fall. Perkins came to the Saints from Mississippi A. & M. College last year as head coach and will take the same reins again this year.

His first year at the college found him putting out winning teams in all lines of sports to represent the school and Perkins states that one can look for even a better season this term.

Another leading factor in the returning of Perkins to the Bay St. Louis College is that the school was entered into the Class A division of the Gulf Coast Region and will compete with other prep schools for the championship. The college has more than an even shot to cop the title in their division as they expect to have about fifty men out for the gridiron.

The training started September 1 for local men who are going out for the team. This week the practice session will grow stronger as the other candidates will be expected on the gridiron for workouts.

The games for the season with the Saints has not been announced as the few open dates are still on the card. One of the dates that is left vacant is the opening game. Perkins stated that he was trying to get Gulfport, Biloxi, and G. C. M. A. on his schedule card before the season.

The feature game for the college will be with the Jesuits High school from New Orleans. It is probable that this game will be played Thanksgiving day but the date or scene for the battle has not been announced.

The team will not elect its captain until after the first few days of workouts and all the candidates for the squad have arrived for practice which will be after the school session is opened. George Leger, the captain of the squad last year will be back this year and it is probable that he will again lead the gridiron. Leger was an important cog in the Stanislaus machine last year.

The regulars and reserves will go into their workouts minus the services of six letter men who finished via graduation last spring. Perkins expects to mould out some reserve stock that will fill the gaps.

Tick Eradication Progresses.

Jackson.—Tick eradication activities in South Mississippi are progressing very satisfactorily in all counties excepting Smith, Dr. J. S. Horne, assistant executive officer in charge of tick eradication work, reported to a special meeting of the tick eradication advisory board Friday. The difficulties experienced in Smith county, where nineteen vats were dynamited last week, are in a fair way of settlement, he also reported. The tick report followed a special meeting of the live stock sanitary board before which representatives of stock yards in the North appeared seeking modification of the quarantine regulations effecting the shipment of mules and horses into Mississippi. Under present regulations the animals must be given a thermometer test at the live stock yards before the stock can be shipped, and the chemical test. The board took the request under advisement and indicated that no ruling would be made before the October or November meeting.

123 Per Cent Gain Reported

New Orleans.—An increase of 123 per cent in southbound tonnage in August as compared with the same period last year is reported by Moore and McCormick, Inc., operators of the Commercial Steamship Lines.

Three years ago when the line was inaugurated, the company had monthly sailings. It was not long thereafter that increased business demanded more sailings and a fortnightly service was put in to handle this Philadelphia trade. Still further increases in business demanded a weekly sailing and a schedule was effective on September 1. In addition a monthly service was installed to South American ports.

The service to Philadelphia operates via Tampa and St. Petersburg, and the constantly increasing tonnage points to the healthy condition of business here.

Flies have caused more deaths than all wars combined—yet some of us do nothing to help prevent future casualties. Flies have no preference—you are some of your family or friends may be next. Start today—and kill every one you see. It is very easy if you use the product produced and perfected by the foremost industrial institute of its kind in the world. It is fragrant and harmless to mankind, but kills all household insects. Just follow instructions on blue label of bottle. INSIST upon FLY-TOX from your retailer.—Adv.

The Sea Coast Echo

CITY ECHOES.

—Monitor alarm clocks in Duco color, special sale this week, 98 cents at the Atlas Drug Store.

—Mrs. L. Eglise is visiting her mother, Mrs. D. Daugemont, at Waveland.

—Miss Mercedes Motor had as her guest over the week-end, Miss Magdaline Miller of New Orleans.

—Grady Perkins, coach at St. Stanislaus College, has been confined to his home this week by illness.

—Mr. and Mrs. George Pitcher had as their guests over the week-end Mrs. A. Latour, Dr. and Mrs. James Faget of New Orleans.

—S. R. Cormier of New Orleans spent the week-end with his brother and sister-in-law, Mr. and Mrs. Glen Cormier of the Bay.

—Among the week-end guests at the Hotel Weston was Miss Thelma Rollins of New Orleans, who was "Miss New Orleans" two years ago.

—E. H. Smith of Evansville, Ind., was in the Bay for a week-end visit to his parents, Mr. and Mrs. W. H. Smith.

—Mr. and Mrs. Jack Francis of New Orleans spent several days at the Hotel Weston. Mrs. Francis was a former Bay St. Louis resident before her marriage.

—The Hotel Weston reports a filled house over Labor Day week-end, the greater number of the guests being from New Orleans who motored to the Coast for the holiday.

—All rooms at The Answer were filled with week-end parties coming over for Labor Day, the greater number from New Orleans. The party of six was brought by Mrs. J. B. Patterson and daughters, Miss Anna and Margaret. A second party of six were guests of Emanuel Liverda.

—We have just received today a fresh shipment of Whitman's Samplers. A fresh shipment of Whitman's is received every week at the Atlas Drug Store.

—Miss Flora Martin and father of Mobile returned to their home last Thursday after a week's visit with Mr. and Mrs. O. T. Arnold and their son Vincent Lagave of Dunbar ave.

—E. J. Arceneaux, the foreman at Edwards Bros. Motor Company, spent two days this week in Biloxi attending federal court as clerk of the federal grand jury.

—Manuel Maurigi, son of Gaspard Maurigi, celebrated his 21st birthday August 27, with a family dinner at his home which was attended by several friends as guests.

—Roger Milton Boh celebrated his second anniversary Tuesday afternoon with a lawn party at which his little play mates enjoyed games and refreshments.

—Special sale of Kotex at the Atlas Drug Store. Buy two packages at 45 cents each and we will sell you another for five cents, making 3 pks. for 95 cents. Better buy during this special deal.

—Protect your dog from distemper. The Atlas Drug store sells Canine Distemper Vaccine, or if he has the disease we will supply you with Canine Distemper vaccine.

—The Atlas Drug Store is ready with a complete line of school supplies such as composition books, loose leaf fillers, examination tablets, spelling blanks, pencil tablets, ink tablets, pencils and erasers.

—Mr. and Mrs. Craft have arrived and have taken possession of one of Mrs. Joseph B. Olson's cottages on Second street. Mr. Craft will be a member of the faculty of Bay Hi school this year.

—Mrs. Antoinette L. Eglise has returned from an extensive trip East spending a few days with friends in New York City, and while at Montreal and later at Quebec, Canada.

—On her way home she spent awhile visiting Mr. and Mrs. Anders at Lake Osceola near Hendersonville, N. C.

—Bay friends are interested in winners of all sporting events and especially so if they are Bay boys. "Mercury" speed boat owned and operated by C. A. Breath, Jr., was one of the winners in the outboard motor races at Bayou Portage Sunday.

—The Parent-Teachers Association of Central school will hold its first meeting of the new year Tuesday afternoon at 3 P. M. at the school. Old members are urged to attend and new members are cordially invited to join. This will be a very important meeting.

—Miss Annamare Quintini, daughter of Mr. and Mrs. Ernest Quintini has returned from a three weeks' visit in New Orleans with her uncle and aunt, Mr. and Mrs. F. W. Rhodes.

—Mr. and Mrs. H. A. Leche of Carroll avenue entertained their cousin, Joseph Vulliet and daughter, Ella, of New Orleans over the week-end.

—While a majority of visitors have left other resorts it is noted many remain in Bay St. Louis to enjoy beautiful September month. Many visitors "linger longer" and will finally leave with much reluctance.

—Mrs. C. J. Fuch, hostess of the Seaside Tea Room, went to New Orleans Tuesday for several days, going for special medical treatment.

—Mrs. Fuch has not been well for some weeks but is improving.

—Mr. and Mrs. Cyril Basford and a friend of New Orleans spent the week-end with Alcide Ladner and family of Keller avenue, motoring to the Coast.

—You can't beat our Chocolate Sodas. They're made with Norris Chocolate (the same as used to coat Norris candy) Atlas Drug Store.—Phone 4.

—Mrs. Leota Leonard Marquez and two sons, were week-end visitors to their aunt, Mrs. Rita L. Breath.

—They motored over from New Orleans. Mrs. Marquez's eldest son, Leonard, has an appointment to West Point, where he will go after this year's session at Jefferson Military Academy, Washington.

Hotel Weston

announces

A REGULAR WEEKLY DANCE

Featuring

"The Owls"

EVERY SATURDAY NIGHT

To The Voters of Hancock County:

REMEMBER
TUESDAY, SEPTEMBER THE 11
IS ELECTION DAY AGAIN

The people of the Coast section have a splendid opportunity to help elect a man from this portion of the Southern Supreme Court District to the Supreme Bench.

As you know, Judge V. A. Griffith of Gulfport is in the second race with Judge W. J. Pack, of Laurel, Jones County, Mississippi, and the second primary will be held on Tuesday, September the 11th. In order to insure the election of Judge Griffith, it will be necessary for him to carry the Coast counties almost solid.

Please be patriotic enough to go to the polls on election day and vote, and be grateful enough for the faithful and distinguished service rendered by Judge Griffith to the people of this Chancery Court District to cast your vote, and use your influence for him; a man pre-eminently qualified for the position he seeks; one who merits the promotion he seeks; and one who will reflect honor upon the state of Mississippi as a Supreme Judge.

HANCOCK COUNTY
GRIFFITH CAMPAIGN COM.

Benefit Dance at W. O. W. Hall Saturday Night

A benefit dance will be given at the W. O. W. hall, in Second street, Saturday night, September 8, by the Relief committee of W. O. W. Camp 507, for the benefit of Mr. Gus Thomas, who was seriously and painfully injured several weeks ago, while at work at the plant of the Bay Ice and Bottling Works, of this city.

While cutting a block of ice, he saw the saw into Mr. Thomas' knee, splitting the knee cap. He is now at King's Daughters Hospital, Gulfport, where he has been and will be for quite awhile.

All his friends and the public in general are urged to attend and help make this worthy cause a success.

—Wampoles Cod Liver Oil is a fine tonic to be taken now at the approach of the Fall season. It builds you up after the heat of summer has sapped your energy. The Atlas Drug Store has just received a gross shipment.

St. Stanislaus College

SESSION OPENS SEPTEMBER 11
FOR DAY STUDENTS.

An education at St. Stanislaus is the best investment you can make for your son's future.

BROTHER PETER, President.

IT IS AN OLD STORY!

There was a time when this man had money, was happy and contented, but look at him now.

He wasn't satisfied to go on making money slowly, but surely. He wanted to GET-RICH-QUICK. A smooth talking stranger showed him a scheme. He put in his money, and lost it.

BEFORE you invest your hard earned money, come in and consult our TRUST DEPARTMENT. We will be glad to help you investigate any proposition and aid you in making good sound investments.
